

The Chesapeake and Ohio Railroad is enjoying a heavy freight traffic.

The grand jury of Fayette County reported eighty-one indictments at its last session.

About twenty prisoners were sentenced to the penitentiary at the recent term of the Fayette Circuit Court.

The House of Representatives has passed a bill appropriating \$50,000 for a public building at Owensboro, Ky.

In 1885, Kentucky paid \$1,282,145.81 tobacco tax. Some of our exchanges think this is oppressive and should be repealed.

There were 1,600,000 tons of coal mined in this State in 1885. The output for the year just closing is estimated at 1,550,000 tons. The decrease is attributed to strikes, principally.

The druggists of Louisville claim the right to sell opium, vials or malt liquors without a prescription, if it be for medicinal purposes, and will resist the tax under the late law.

The authorities of London, Laurel County, are making energetic efforts to have that place made the terminal point of the Cumberland Valley branch of the Louisville and Nashville railroad.

A party writing from Morehead says "the report that A. W. Young has resigned his office as County Attorney is wholly untrue. He is a farmer, and engaged in the dry goods business for the present, but has not resigned his office, and don't expect to."

The Cincinnati Telegram is not satisfied with gas at \$1.25 a thousand in that city. It was fighting for a reduction to \$1 a thousand. The City Council has made a ten year's contract at the former figure, but there's a big "kick" against the action of the members.

In the U. S. Court, at Covington, William Summers, alias Knapdale, aged 24 years, has been sentenced to four years in the Albany (N. Y.) penitentiary for passing counterfeit money. He hails from Louisville, and has served two terms in the Frankfort penitentiary.

President Cleveland has given the Republican Senate another chance to confirm the appointment of Matthews, the colored lawyer of Albany, N. Y., to be Recorder of Deeds at Washington. The matter still hangs fire, however, and the appointment will likely be rejected.

We are informed by Mr. T. F. Kliff, Master Workman of the local assembly of the Knights of Labor, that none of the members think of withdrawing from the order on account of Mr. T. V. Powderly's political views. He says the discussion of politics at their meetings is not allowed under any circumstances. The assembly is a prosperous condition, and its members subordinate political principles to the good of the order.

SEYMOUR HANSEN, having been a farmer and trader all his life, naturally draws around him that class of people, and being a man of good address impresses all who meet him, favorably. He never held office until elected Senator two years ago, but by his honest, straightforward conduct in the last General Assembly, attracted general attention to himself, until to-day he stands one of the leading candidates for Governor. His canvass is developing great strength and he will gain friends wherever he goes.—Caroline Mercury.

The moonshiners are a rather expensive class of criminals to the Government. The statement is made that they cost Uncle Sam \$100,000 a year in this State alone. At the last term of the United States Court at Louisville, the witnesses in this class of cases were paid \$25,000 in the shape of fees, and at the recent term of court at Covington more than \$9,000 was paid out for this one item of costs. In the one hundred and fifty-four cases on the docket at the beginning of this latter court, sixty-three of the accused were convicted, forty-nine acquitted and forty-four of the cases were continued.

The Chattahoochee Railroad in Eastern Kentucky has been ordered sold to satisfy a claim of the Union Trust Company, of New York, and others, amounting to more than \$1,500,000. The road, which is fifty miles in length, has been in a Receiver's hands for some time. J. H. Norbush, who will make the sale as Special Commissioner, will get \$5,000 for his services. Miller, Peckham & Dickson, and Ramey, Maxwell & Matthews, of Cincinnati, attorneys, were allowed a fee of \$3,000, and Hon. Keene Pritchard, of Catlettsburg, \$500. The misfortunes of railroad companies prove to be a regular bonanza for the lawyers.

Kentucky Central Ordered Sold.

In the case of Bliss & Gates, of New York, against the Kentucky Central Railroad Company, a decree was entered in the United States Court at Covington, Wednesday, ordering the sale of the road unless the claim of Bliss & Gates were paid in sixty days. The claim of Bliss & Gates is for bonds and unpaid interest amounting to over \$6,000,000.

The court appointed Mr. H. F. Huntington a Special Master Commissioner to make the sale. Every thing that belongs to the road is to be sold, including charter privileges, rolling stock, depots, freight houses, stations, etc. The interest of the Kentucky Central in the Maysville and Big Sandy is to be sold also.

The purchaser of the rolling stock is to pay \$50,000, and the purchaser of the road \$300,000 cash on the day of sale. The Louisville and Nashville Railroad Company filed a cross-petition in the suit, claiming in the neighborhood of \$150,000. Mr. E. H. Pardee, the trustee of the original bondholders of the Kentucky Central Railroad, was also a party defendant, in addition to others, whose claims are up in the thousands. Their petitions were not acted upon, but were deferred until after the sale of the road and a distribution of the proceeds. The road has been in the hands of Mr. H. E. Huntington, nephew of C. P. Huntington, as Receiver. It is generally understood that Mr. C. P. Huntington will be the purchaser of the Kentucky Central and also the Cincinnati and South-eastern, which was ordered sold a few days ago to satisfy a claim for \$150,000.—Cincinnati Enquirer.

Natural Gas.

A Washington special to the Louisville Post says: "Dispatches from Parkersburg, W. Va., show some important business developments being made along the line between West Virginia on the East and Ohio on the West. The dispatch says: 'A company was formed about three years ago to bore for oil in Wayne, Lincoln, Logan, Cabell and adjoining counties on the other side of the Big Sandy. They failed to find oil, but discovered gas. No attempt was made to utilize the gas until within the past two or three weeks, when a company of capitalists from Cincinnati and Portsmouth, Ohio, and Huntington, W. Va., having purchased the gas wells, are now making arrangements to introduce it into all the principal towns in Ohio and West Virginia, between here and Cincinnati. The supply is abundant, the amount from the two wells alone being estimated at 50,000,000 cubic feet per day. Nearly all the towns have made agreements to take gas, and within a year scarcely a town between here and Cincinnati will be without it.'"

As Had to Bone Scraping.

Edward Shephard, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to advertising them, so that many more may have the bone scraped or leg amputated. I used, at first, three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c per box by J. O. Peacor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Since which time he has used it in his family for all coughs and colds with best results. This is one of the thousands whose lives have been saved by this Wonderful Discovery. Ayer's
Cherry Pectoral

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Godsey, 109 West 129 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

Saved My Life,

and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." Mrs. J. Greig, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it acts like a charm. In a few minutes after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. C. Reid, Freehold, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. In cases of Colds and Coughs, we take

Ayer's Cherry Pectoral,

and the inconvenience is soon forgotten."

Fatal Affray Near Sardis.

The Sardis neighborhood was the scene of a fatal affray late yesterday afternoon, the particulars of which, as learned by telephone this morning, are as follows:

Sam Jefferson and Alfred Jefferson are brothers, the latter being about nineteen years and the former a few years older. The two and their mother were at neighbor Gifford's home. Frank Jefferson, another neighbor, went to Gifford's and began abusing the mother of the two brothers. He was very violent and threatened to kill Mrs. Jefferson, drawing a pistol from his pocket as though intending to carry his threats into effect. This movement was followed by several shots, from either one or both of the two brothers. When the smoke had cleared away, Frank Jefferson was found on the floor dead. Three shots had taken effect in his head and two in his body, causing almost instant death.

An inquest was held later in the evening, and the two brothers surrendered to the officers. They will be brought to this city some time today, when fuller particulars of the tragedy may be obtained.

The Jefferson who was killed was about forty-five years old, married, and had a family of seven sons and five children. Some trouble of a domestic nature is attributed as the cause of the unfortunate affair. The real facts will likely be developed at the examining trial.

LATEST NEWS BY CABLE.

LORD CHURCHILL NO LONGER IN THE TORY CABINET.

Preparations for War Which He Regarded Unnecessary. The Cabinet, However, Think the Time Has Far Out-Run Other Foreign News Notes.

LONDON, Dec. 24.—The resignation of Lord Randolph Churchill from the cabinet has caused a sensation. The desire to increase the expenses of the admiralty and the war office, to which Lord Churchill was opposed, indicates, it is believed, that the government are of opinion that a European war is imminent, and that extra naval and military preparations on the part of England are required to make her influence felt on the continent.

The Times approves Lord Salisbury's decision to support the defense of the country. "Lord Salisbury," it says, "will do well to renew overtures to Lord Hartington for a coalition government. A reconstructed Conservative government without war blood cannot last long, and will lead to the return of Mr. Gladstone to office."

An interchange of views between Mr. Gladstone and his colleagues of the last Liberal cabinet on the attitude to be adopted by the Liberal party at the opening of parliament has resulted in an agreement to support the government in all legal efforts to suppress the anti-entente campaign, but to urge the immediate enforcement of some form of Mr. Parnell's bill for the suspension of evictions.

The Gladstone circle is irritated over the action of Messrs. Dillon and O'Hara. Anti-entente leaders have been warned that there is no chance that the co-operation of Mr. Gladstone will continue unless they submit to Mr. Parnell, who desires of a common policy with Mr. Gladstone, is suspected of aiming to suppress the "Plan of Campaign." The Full Hall Unionists declare that both Mr. Gladstone and Mr. Parnell are no longer in accord with their followers, who, it says, unless they discover and amend their error, will find themselves, when parliament meets, without even the rump of a party. Notwithstanding Mr. Parnell's displeasure, Messrs. Dillon, O'Hara and Healy continue their anti-entente tactics.

Berlin Notes.

BERLIN, Dec. 24.—The car has given 1,000 marks to the fund for a monument to Weber, the composer.

The American consulate in Berlin is about to be removed some distance from its present location, which is in the business center of the city.

It is stated that the object of sending a German fleet to Zanzibar is to support German occupation of the island. Herr Von Mohr, formerly German consul at St. Petersburg, has been appointed master of ceremonies at the court of Japan, the Japanese emperor having adopted the etiquette of the Russian court.

Herr Oltendörfer's speech in the debate on the military bill has been published in pamphlet form, but the circulation has been prohibited under the Socialist law. Heavy snow-storms in Germany. BERLIN, Dec. 24.—The heavy snow-storm which is raging over a large part of Germany has caused a complete suspension of railway traffic in the Saxony-Thuringia and Bavaria and with a partial suspension with Saxony, Prussia, Frankfurt and the Rhine. The leading railway line are being cleared by troops. The incessant downfall of snow makes the work very difficult. Dresden has received no mail from Leipzig or Chemnitz for two days, the roads being blocked. A postal service by means of sledges has been arranged between Dresden and Leipzig. A dispatch from Cassel says the storm is still raging over central Germany and that no communication has been had with Berlin since Monday.

Affairs in Ireland.

DUBLIN, Dec. 24.—United Ireland says the only effect of the government proclaiming the "plan of campaign" is to increase the attraction of the scheme by the policy of counterband. The same paper says that four letters addressed to its editor, and recently received, had evidently been signed by the police. United Ireland also says that every official at Dublin courts who copies or inspects any document is obliged to make a return of the name of every person who has had access to said document.

Germany's Military Bill.

BERLIN, Dec. 24.—Several official Berlin newspapers are discussing favorably a proposal to cover the expense of increasing the army by imposing a tax upon incomes of 6,000 marks and upward. The North German Gazette expresses the hope that the members of the Reichstag during the recess will learn from their constituents the true sentiments of the people regarding the military bill, and that they will be ready on their return to vote for the measure.

A Treaty Dissolved.

BERLIN, Dec. 24.—The Krona Zeitung says England and Germany have dissolved the treaty relating to the protection of the Holy Sepulchre. Probably the scheme long ago proposed to build a National church on the site, for which donations have been collected throughout Germany, will now be completed.

AKRON, O., Dec. 24.—Five masked men broke into the treasurer's office at Medina at 2 o'clock this morning, and after loading and gagging the watchman began work on the safe, in which was \$19,000. After three hours' work with powder and quiet and only getting through the first pair of iron doors, the approach of daylight compelled them to desist. The watchman released himself soon after, and rang the fire bells, and in a short time mounted men were scouring the country in every direction. There is intense excitement here, but the robbers had cleared \$10,000 west abroad, but it is not verified.

Entrapped to Death. RICHMOND, KY., Dec. 24.—Alexander and Taylor Rice, on trial here for killing John Shearer, Sunday, who they supposed had ruined their home by intimacy with their mother, were yesterday acquitted amid great applause. Since the trial Mrs. Rice says that, suspecting her husband was untrue to her, she wrote letters to Shearer and arranged that her husband should hear of it, hoping that would keep him at home, but he left her entirely.
